

# Applications Invited for Copra Driers

**Kochi:** The coconut Board has invited applications for copra-driers through the Coconut Producers Societies (CPS). Processing and marketing of copras will be done through the producer societies. The Board is also planning to acquire copra and coconut oil through the CPS.

The programme is aiming to provide farmers a steady and minimum support price for coconut. The board has asked all the CPS to join the programme. Henceforth, the board will give financial assistance to copra driers only through the producer societies. The application forms for these are available at website: <http://coconutboard.nic.in/> or mail to: Chairman, Coconut Development Board, Kochi.
